

Parent attendance on field trips:

With restrictions, parents are welcome at camp.

- 1) All parent visits must be prearranged. No parent showing up the day of the event will be allowed to join any activity. Please expect "school like" access to children and staff.
- 2) Transportation, meals, and tickets are not provided by camp and are the sole responsibility of the attending family member.
- 3) When attending with camp the camper in all circumstances are to be in the presence of their assigned counselors. Parents may not leave the group with their child.
- 4) Parents may take charge of their children but in such a case campers will be considered as checked out for the day. They will be considered signed out to the parent and no longer supervised by camp staff. Children removed from the group will not be received back by the camp nor will they be provided transportation home.
- 5) Parents are never to supervise any child separate from camp staff regardless of permissions or relationships with other parents.

We appreciate your understanding. Parents who attend field trips with us must arrange attendance in advance and will be asked to sign a statement of understanding that reflects this discussion.

I have read, understood and agreed to the above understanding
